buddhism is essentially a teaching about liberation from suffering ignorance selfishness and continued rebirth knowledge of the way things really are is thought by many buddhists to be vital in bringing about this emancipation this book is a philosophical study of the notion of liberating knowledge as it occurs in a range of buddhist sources buddhism knowledge and liberation assesses the common buddhist idea that knowledge of the three characteristics of existence impermanence not self and suffering is the key to liberation it argues that this claim must be seen in the context of the buddhist path and training as a whole detailed attention is also given to anti realist sceptical and mystical strands within the buddhist tradition all of which make distinctive claims about liberating knowledge and the nature of reality david burton seeks to uncover various problematic assumptions which underpin the buddhist worldview sensitive to the wide diversity of philosophical perspectives and interpretations that buddhism has engendered this book makes a serious contribution to critical and philosophically aware engagement with buddhist thought written in an accessible style it will be of value to those interested in buddhist studies and broader issues in comparative philosophy and religion

first published in 2005 routledge is an imprint of taylor francis an informa company

this book surveys both the part women have played in buddhism historically and what buddhism might become in its post patriarchal future the author completes the buddhist historical record by discussing women usually absent from histories of buddhism and she provides the first feminist analysis of the major concepts found in buddhist religion gross demonstrates that the core teachings of buddhism promote gender equity rather than male dominance despite the often sexist practices found in buddhist institutions throughout history

this is a book that looks at contemporary challenges to studying and writing in religion rethinking the discipline in a way that takes seriously both the aesthetic dimensions and its need for scientific discipline

this is a comprehensive study of the entire field of buddhism thought and practice describing the development of all the major doctrines and traditions and clearly demonstrating the underlying unity of all schools of buddhism

nan huai chin a learned representative of the chinese buddhist tradition explores the many different schools of buddhism and the many stories surrounding the life of

buddha he explains various philosophical trends in buddhism and the aspects it hastaken on throughout asia europe and america for a solid understanding of buddhism this book is clearly indispensable reading

a shorter and less technical treatment of its subject than the author s acclaimed buddhism as philosophy second edition hackett 2021 mark siderits s the buddha s teachings as philosophy explores three different systems of thought that arose from core claims of the buddha by detailing and critically examining key arguments made by the buddha and developed by later buddhist philosophers siderits investigates the buddha s teachings as philosophy a set of claims in this case claims about the nature of the world and our place in it supported by rational argumentation and here developed with a variety of systematic results the buddha s teachings as philosophy will be especially useful to students of philosophy religious studies and comparative religion to anyone in fact encountering buddhist philosophy for the first time

a study of the whole field of buddhist thought and practice the author places the development of buddhism in its historical context

nāgārjuna is the most influential of all buddhist thinkers following the buddha himself throughout his works nāgārjuna calls on us to completely abandon all our views but how could anyone possibly do that this book shows not only how nāgārjuna's truly radical teaching of abelief makes perfect sense within his buddhist philosophy but how it stands at the summit of his religious mission to care for all living beings rather than treating any one aspect of nāgārjuna's ideas in isolation here he emerges as forging a single system of thought and practice one that challenges the very ways in which we think about religion and philosophy

a survey of buddhism continues to provide an indispensable study of the entire field of buddhist thought and practice placing its development in a historical context i recommend sangharakshita's book as the best survey of buddhism dr edward conze author of buddhism its essence and development and translator of buddhist wisdom books and the perfection of wisdom in 8 000 lines simply the most complete single volume survey of all the major doctrines and traditions in the development of buddhism buddhist peace fellowship

buddhism is a vast and complex religious and philosophical tradition with a history that stretches over 2 500 years and which is now followed by around 115 million people in this introduction to the foundations of buddhism rupert gethin concentrates on the ideas and practices which constitute the common heritage of the different traditions of buddhism theravada tibetan and eastern which exist in the world today from the narrative of the story of the buddha through discussions of aspects such as textual traditions the framework of the four noble truths the interaction between the monastic and lay ways of life the cosmology of karma and rebirth and the path of the bodhisattva this book provides a stimulating introduction to buddhism as a religion and way of life which will also be of interest to those who are more familiar with the subject

one of the fundamental tenets of mahayana buddhism animating and grounding the doctrine and discipline of its spiritual path is the inherent potentiality of all animate beings to attain the supreme and perfect enlightenment of buddhahood this book examines the ontological presuppositions and the corresponding soteriological epistemological principles that sustain and define such a theory within the field of buddhist studies such a work provides a comprehensive context in which to interpret the influence and major insights of the various buddhist schools thus the dynamics of the buddha nature though non thematic and implicit is at the heart of zen praxis

while it is a significant articulation in kegon tendai and shingon thought more specifically the book seeks to establish a coherent metaphysics of absolute suchness tathata synthesizing the variant traditions of the tathagata embryo tathagatagarbha and the storehouse consciousness alayavijnana the books contribution to the broader field of the history of religions rests in its presentation and analysis of the buddhist enlightenment as the salvific transformational moment in which tathata awakens to itself comes to perfect self realization as the absolute suchness of reality in and through phenomenal human consciousness the book is an interpretation of the buddhist path as the spontaneous self emergence of embryonic absolute knowledge as it comes to free itself from the concealments of adventitious defilements and possess itself in fully self explicitated self consciousness as the highest truth and unconditional nature of all existence it does so only in the form of omniscient wisdom
